Applicant(s)

Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant disclosed that the submitted amendment to the claims overcome the prior art of record since it does not include the limitation of setting a print-out format in the first mode as well as selecting different multiple print-out formats in the second mode. The examiner stated that further consideration and searching would still be required even if the amendment did overcome the prior art of record. The examiner also disclosed to the applicant a similar patent application that could be considered double patenting based on the submitted amendment.
